

HAPPY HOLIDAYS 2009 FROM

THE ABRAHAMS

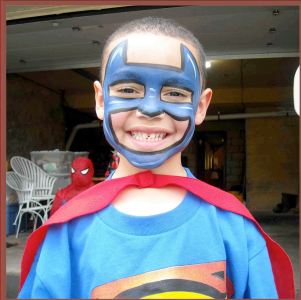

We
celebrated
40 years...

We celebrated our 40th wedding anniversary this year with an August trip to Prague. We had a wonderful week visiting historic sites, attending concerts and just relaxing. We could see the Moldau river from the window in our hotel room and heard lots of Dvorak and Smetana. We enjoyed the historic churches and synagogues as well as the palaces. We spent a jar-ring day at Terezin Concentration Camp, but a day that we do not regret.

Family Updates

Ellen continues to supervise student teachers at Westminster and enjoys as much time as possible with Eric, Jr., who is now in kindergarten. We both spend time visiting with her mom whose health has become very fragile.

Frank began his 18th year at Westminster this fall. The students continue to be wonderful and he was able to mount both a holiday madrigal dinner and a Chanukah concert with 60 singers earlier this month. Both were well-received.

In June, Dan was honored by MENC: The National Association for Music Education as the high school concert

band director of the year. He was the

guest at a dinner in his honor at the national headquarters near Washington and received a beautiful plaque. We were very proud of him.

Emily and Eric are working harder than ever. Emily hosted an international conference of Carillon ringers at Longwood Gardens and brought major artists including winners of the prestigious Van Cliburn piano competition to the Gardens. Eric now works in security at Jefferson Hospital in the center of Philadelphia. Frank got to spend some time with Eric's brother David and his family on a fall trip to Atlanta.
